

§ 150.40

§ 150.40 Deviating from the operations manual.

If, because of a particular situation, the licensee needs to deviate from the operations manual, the licensee must submit a written request to the Captain of the Port (COTP) explaining why the deviation is necessary and what alternative is proposed. If the COTP determines that the deviation would ensure equivalent or greater protection and safety, the COTP authorizes the deviation and notifies the licensee in writing.

§ 150.45 Emergency deviation from this subchapter or the operations manual.

In an emergency, any person may deviate from any requirement in this subchapter, or any procedure in the operations manual, to ensure the safety of life, property, or the environment. Each deviation must be reported to the Sector Commander, or MSU Commander, with COTP and OCMI authority, at the earliest possible time.

[USCG-1998-3884, 71 FR 57651, Sept. 29, 2006, as amended by USCG-2013-0397, 78 FR 39181, July 1, 2013]

§ 150.50 What are the requirements for a facility self-inspection plan?

(a) Each deepwater port which meets the applicability requirements of part 154 subpart F of this chapter must have a facility response plan that is approved by the Sector Commander, or MSU Commander, with COTP and OCMI authority.

(b) Each natural gas deepwater port must have a natural gas facility emergency plan that meets part 127, subpart B of this chapter.

(c) The response plan must be submitted to the Sector Commander, or MSU Commander, with COTP and OCMI authority, in writing, not less than 60 days before the deepwater port begins operation.

[USCG-1998-3884, 71 FR 57651, Sept. 29, 2006, as amended by USCG-2013-0397, 78 FR 39181, July 1, 2013]

33 CFR Ch. I (7-1-15 Edition)

Subpart B—Inspections

§ 150.100 What are the requirements for inspecting deepwater ports?

Under the direction of the Sector Commander, or to the MSU Commander, with COTP and OCMI authority, marine inspectors may inspect deepwater ports to determine whether the requirements of this subchapter are met. A marine inspector may conduct an inspection, with or without advance notice, at any time the Sector Commander or MSU Commander deems necessary.

[USCG-1998-3884, 71 FR 57651, Sept. 29, 2006, as amended by USCG-2013-0397, 78 FR 39182, July 1, 2013]

§ 150.105 What are the requirements for annual self-inspection?

(a) The owner or operator of each manned deepwater port must ensure that the deepwater port is regularly inspected to determine whether the facility is in compliance with the requirements of this subchapter. The inspection must be at intervals of no more than 12 months. The inspection may be conducted up to 2 months after its due date, but will be valid for only the 12 months following that due date.

(b) The owner or operator must record and submit the results of the annual self-inspection to the Sector Commander, or to the MSU Commander, with COTP and OCMI authority within 30 days of completing the inspection. The report must include a description of any failure, and the scope of repairs made to components or equipment, in accordance with the requirements in subpart I of this part, other than primary lifesaving, fire-fighting, or transfer equipment, which are inspected and repaired in accordance with subpart F.

(c) Prior to the initiation of a self-inspection plan, and before commencement of operations, the owner or operator must submit a proposal describing the self-inspection plan to the Sector Commander, or MSU Commander, with
